

CHARTER

We, the members of the national board of **41 Clubs Belgium** have examined and supervised the making of a new club composed of former active members from Round Table clubs of Belgium, all of whom are more than 40 years of age and have been holding regular meetings for one year.

After careful scrutiny of all the information and documents provided, we grant our full approval to the formal constitution of a new 41 Club and solemnly proclaim that the aims and objects of the founding members of the new club are in accordance with those of 41 clubs Belgium.

Whereupon we confer to them the denomination which they shall bear from this day on :

Club 41 Brabant International 115

The acceptance of the denomination means that the club will be expected to uphold the aims and objects of our respective 41 associations: to promote and maintain the friendship they enjoyed in Round Table and support the development of the Round Table movement.

Done in **Waterloo**, on **24th June, 2017**
